

SONIC FLOW

VOXFLO^R
passion and purpose

Sonic Flow is the translation of sound energy into a pattern for modern commercial flooring. Thanks to its minimal style, natural colors and the use of a special nylon fiber development technology, its finishing offers a rustic feeling with particular attention to detail. The pattern impacts the flooring design just as a sound wave with the highest peaks and softer modulations, creating various levels of density and an overall neutral and delicate feeling. Its colors cover a wide chromatic range ranging from warm grays to beige and brown tones.

Specifications

Style Name:	Sonic Flow
Construction:	Multi-Level loop
Fiber:	Voxflor® Certified Nylon
Gauge:	1/12"
Stitches:	10 per inch
Pile Weight:	20 oz/yd ²
Average Pile Height:	4.0 ± 0.5mm
Backing:	EcoAce-Bac®
Tile size:	50cm*50cm
Total Thickness:	6.5 ± 0.5 mm
Area of Use:	Commercial – Heavy Duty
Anti-microbial:	Ultra Fresh Treatment (Available)
Flammability:	ASTM E648 Class I, GB8624-2012 B1(C)
Smoke Density:	ASTM E662≤450
Static Propensity:	AATCC-134≤3.5 KV, GB/T 18044-2008≤3.5 KV

Manufacture System

SOLAR
made carpet

VOXFLO® builds its own solar power generation system and use clean energy to produce in a sustainable way.

Our manufacture system has been certified under ISO 9001, ISO 14001 and ISO 45001, which means with the management, production facility and the strict quality controls, VOXFLO® represents qualified and trusty products.

An Environmental Product Declaration (EPD) tells the life cycle story of a product in a single, comprehensive report. The EPD provides information about a product's impact upon the environment, such as global warming potential, smog creation, ozone depletion and water pollution.

EcoAce-Bac®
GLP No. : 100231

Green Label Plus is an independent testing program that identifies carpet, adhesives, and cushion with very low emissions of VOCs to help improve indoor air quality.

Declare is a transparency platform to share and find healthy building products. VOXFLO's EcoAce-Bac® Collection reach "Red List Free" grade.

Administered by the Singapore Environment Council (SEC) since 1999, It is Singapore's leading environmental standard and certification mark with over 3800 unique products certified across 43 countries.

VOXFLO recommends using its own carpet tile tackifier with rust inhibitor. It is an EC-1 PLUS certified adhesive.

CE marking indicates that a product has been assessed by the manufacturer and deemed to meet EU safety, health and environmental protection requirements.

Ultra-Fresh is a portfolio of antimicrobial treatments developed by Thomson Research Associates, Inc. Customer can choose this High-Performance Antimicrobial Technology.

LEED (Leadership in Energy and Environmental Design) is the most widely used green building rating system in the world. LEED certification is a globally recognized symbol of sustainability achievement and leadership.

WELL is the leading tool for advancing health and well-being in buildings globally. Register your office, building or other space to leverage WELL's flexible framework for improving health and human experience through design.

Cradle to Cradle Certified® is the global standard for products that are safe, circular and responsibly made. It is to ensure the impact of their products on people and planet is a positive one.
